46 – 64

DESCRIPTION

Stretch cotton waist working trousers made from the special Amalytton® material that features increased strength and a smooth, soft surface. The reduced weight means the shorts are very pleasant to wear, which you will appreciate not just in summer when it is hot. The exposed areas are made of the Tabiflex® extra durable and four-way stretch material. The trousers have a highly functional ergonomic 3D cut that accentuates the silhouette. The knee area is reinforced with durable Oxford material treated with a water repellent additive; the knee pocket can be used for inserting knee pads. They feature an elastic waistband along with a concealed rear double belt loop for a comfortable belt fit, a D-ring snap-hook, 2 hidden pockets, 1 front zip pocket, 1 front tool pocket with a wide loop, a multifunctional pocket for a folding tape measure, screwdriver and pry bar with wide loops on the right leg, and a large double pocket covered with a snap flap on the left leg. The back part consists of a saddle and 2 pockets, the right back pocket is covered with a snap flap. The lower leg hem is reinforced with the abrasion-resistant Oxford material. Dynamic high-visibility 3D printing and accessories provide increased user visibility. The leg length can be easily extended by 5 cm.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

ČSN EN ISO 13688:2013 – Protective clothing – General requirements

Self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomic properties of the product by Ardon Safety s.r.o. on 15.06.2023

The CREATRON® CAMO collection meets the requirements for health safety and is a holder of **OEKO-TEX® Standard 100 certification, PG020 certificate number 128167 OETI.**

UNIT PACKAGING	of 1 pc

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
